

How to do Warehouse Lookup in Deposco

1 Grab a handheld and when you login make sure you are in "production"

2 Click "Inventory"

3 Click "Warehouse Lookup"

4 You will be prompted to scan or type in the item you are wanting to lookup and then select "Submit"

5

You will then be brought to the Item Lookup screen, where you will then look for "ATL--" or "CH--" and see where the items are living
